

CONSERVATORIO di BOLOGNA "Giovanni B. Martini"

Department of NEW TECHNOLOGIES AND MUSIC LANGUAGES

JAZZ School

Electronic Keyboard DCPL45 – First Level Academic Degree (Bachelor Degree)

EDUCATIONAL GOALS *On completion of their First Level Academic Degree in Electronic Keyboard, students will have acquired technical knowledge and specific skills to enable them to bring their own artistic ideas to practical fruition.*

To this end, the course will focus on the most representative instrumental repertoire – including ensemble music – and on the related performance practices also for the purpose of developing the student's ability to interact within different kinds of musical ensembles. Such goals will also be achieved by fostering the development of aural perception and memorization as well as by acquiring specific knowledge concerning organizational, compositional and analytical music models and their interaction. Specific care will be devoted to learning adequate postural and emotional control techniques.

At the end of the three-year course, students will have acquired in-depth knowledge of both general and specific stylistic, historical and aesthetic aspects in relation to their own field of study.

Moreover, in regard to the specific nature of each single course, students will be required to possess appropriate skills relating to improvisation. A further educational goal is the acquisition of suitable computer music abilities as well as competence in a second EU foreign language.

EMPLOYMENT PROSPECTS

The course provides students with the opportunity to work in the following fields:

- jazz and popular solo performance*
- jazz and popular ensemble performance*
- jazz and popular orchestra performance*
